

**ST WILFRID'S CATHOLIC SCHOOL**

**CHILD PROTECTION AND SAFEGUARDING POLICY**

*“While I was with them, I protected them and kept them safe by that name you gave me.”*  
John 17:12

Key Contacts:	
Designated Safeguarding Lead(DSL):	Mrs Karen Hardy-Assistant Headteacher
Lead Governor for Child Protection:	Mr. Kevin Harrison
West Sussex Children’s Services: Multi-Agency Safeguarding Hub (MASH):	Tel: 01403 229900 MASH@westsussex.gcsx.gov.uk
Local Authority Designated Officer (LADO):	0330 222 3337

**1. INTRODUCTION**

- 1.1 The purpose of this policy is to inform staff\*, parents and governors about the school's responsibilities for safeguarding children and to enable everyone to have a clear understanding of how these responsibilities should be carried out.
- 1.2 The Governing body takes seriously its responsibility to safeguard and promote the welfare of children in its care; and to work together with other agencies to ensure adequate arrangements within our school to identify, assess, and support children who are, or who may be, suffering harm.
- 1.3 We recognise that all adults have a full and active part to play in protecting children from harm, and that the child’s welfare is our paramount concern.
- 1.4 We believe that our school should provide a caring, positive safe and stimulating environment that promotes the social, physical and moral development of the individual child.
- 1.5 Staff members working with children are advised to maintain an attitude of ‘it could happen to a child we know’ where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the interests of the child.

**This school will:**

- Support the child’s development in ways that will foster security, confidence and independence.

\*Wherever the word ‘staff’ is used, it covers ALL staff on site, including ancillary and supply staff and volunteers working with children

- Provide an environment in which children and young people feel safe, secure, valued and respected, and feel confident, and know how, to approach adults if they may be worried about being listened to.
- Provide a systematic means of monitoring children known or thought to be at risk of harm, and ensure we, the school, contribute to assessments of need and support packages for those children.
- Emphasise the need for good levels of communication between all members of staff and between the school and other agencies.
- Have and regularly review a structured procedure within the school which will be followed by all members of the school community in cases of suspected abuse.
- Develop and promote effective working relationships with other agencies, especially the Police and Children's Services.
- Ensure that all adults within our school who have substantial access to children have been recruited and checked as to their suitability in accordance with Part Three of Keeping Children Safe in Education (DfE 2016).

## **2 STATUTORY FRAMEWORK**

The school will act in accordance with the following government legislation and guidance:

- The Children Act 1989
- The Children Act 2004
- Education Act 2002:
- Keeping Children Safe in Education (DfE 2016):  
[https://www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/550511/Keeping\\_children\\_safe\\_in\\_education.pdf](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/550511/Keeping_children_safe_in_education.pdf)
- Working Together to Safeguard Children ( 2015)  
[https://www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/419595/Working\\_Together\\_to\\_Safeguard\\_Children.pdf](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/419595/Working_Together_to_Safeguard_Children.pdf)
- The Education (Child Information) (England) Regulations 2005
- The Counter-Terrorism and Security Act s.26

## **3 RESPONSIBILITIES**

### **3.1 General school staff responsibilities:**

Schools should be aware of and follow the Sussex Child Protection & Safeguarding Procedures, produced by West Sussex, East Sussex, and Brighton & Hove and available as an electronic copy at .  
<https://sussexchildprotection.procedures.org.uk/>

- Staff should be alert to signs of abuse and know to whom they should report any concerns or suspicions.
- All staff should read Part 1 of Keeping Children Safe in Education 2016 and be alert to signs of abuse and know to whom they should report any concerns or suspicions. If staff members

are uncertain they should always speak to the Designated Safeguarding Lead (DSL) for Child Protection. In exceptional circumstances, such as in an emergency or a genuine concern that appropriate action has not been taken, staff members can speak directly to children's social care. Contact details are published in RECEPTION and the STAFF ROOM.

- Schools should have procedures (of which all staff are aware) for handling suspected cases of abuse of children, including procedures to be followed if a child harms another child or a member of staff is accused of abuse, or suspected of abuse
- The DSL should have responsibility for co-ordinating action within the school and liaising with other agencies (see below for further details).
- DSL and Designated Members of Staff for Child Protection undergo updated child protection training every two years. The head teacher and all members of staff are provided with regular updated child protection training in line with advice from the West Sussex LSCB (currently every three years).
- The school's lettings policy will ensure the suitability of adults working with children on school premises at any time. Those authorised by the school to work with children on school premises should enter into a formal commitment to comply with the school's child safeguarding responsibilities. Community users organising activities for children will be made aware of the school's child protection guidelines and procedures and will confirm their commitment to abide by them.

### **3.2 Responsibilities of the Governing Body**

Governing bodies, trustees and proprietors must ensure that they comply with their duties under legislation. They must also have regard to this guidance to ensure that the policies, procedures and training in their schools are effective and comply with the law at all times.

The nominated governor for child protection in this school is:

Name: Mr Kevin Harrison

The responsibilities placed on governing bodies and proprietors include:

- Ensuring that an effective Child Protection and Safeguarding Policy is in place and reviewed annually, together with a staff behaviour policy (code of conduct) and that these are provided to all staff – including temporary staff and volunteers – on induction and that staff are kept up to date with changes.
- Contributing to inter-agency working, which includes providing a coordinated offer of early help when additional needs of children are identified.
- Appointing a DSL who should undergo refresher child protection training every two years.

- Ensuring that schools create a culture of safe recruitment and, as part of that, adopt recruitment procedures that help deter, reject or identify people who might abuse children (Part Three: Safer Recruitment. Keeping Children Safe in Education 2016).
- Ensuring that at least one member of an appointing panel will have attended safer recruitment training.
- Ensuring that the school keeps an up to date single central record of all staff and volunteers and the dates of all appropriate safeguarding checks.
- Monitoring the adequacy of resources committed to child protection, and the staff and governor training profile.
- Recognising that neither it, nor individual governors, have a role in pursuing or managing the processes associated with individual cases of child protection, nor a right to know details of such cases, except when exercising their disciplinary functions in respect of allegations against staff
- Making sure that the Child Protection and Safeguarding Policy is available to parents on request.
- Ensuring that this policy and practice complements other policies e.g. anti-bullying including cyber bullying and health and safety to ensure safeguarding.
- Prioritising the welfare of children and young people and creating a culture where staff are confident to challenge senior leaders over any safeguarding concerns.
- Giving consideration as to how children may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum.
- The nominated governor for child protection should agree with the Governing Body how these responsibilities should be monitored and reported.

#### **4 THE DESIGNATED SAFEGUARDING LEAD (DSL)**

The DSL in this school is:

NAME: Mrs Karen Hardy

A Deputy should be appointed to act in the absence/unavailability of the DSL.

The Deputy Designated Members of Staff for Child Protection in this school are:

NAME:	Deputy Head	Robert Marr
	Deputy Head	Mike Lewis
	Assistant Head	Chris Franke
	Assistant Head	Fiona Greenwood
	Assistant Head	Dawn Denyer
	Assistant Head	Emer Lesova

## The broad areas of responsibility for the DSL are:

### 4.1 Managing referrals and concerns regarding individual children:

- Referring all cases of suspected abuse to the West Sussex Children’s Multi-Agency Safeguarding Hub (MASH) and to the Police (cases where a crime may have been committed).
- Sending a written record of the referral to the MASH by the end of the working day the referral is made.
- Keeping written records of concerns about a child even if there is no need to make an immediate referral, (the ‘child protection file’)
- Ensuring that all such records are kept confidentially and securely and are separate from child records, and if these are stored electronically, that they are differently password protected from the child’s other files, and accessible only by the head teacher/designated leads.
- Ensuring that an indication of further record-keeping is marked on the child’s records.
- Liaise with the head teacher or principal to inform him or her of issues especially new or on-going child protection investigation enquiries and police investigations.
- Act as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies.
- Ensuring that either they or the class teacher or *residential key worker*<sup>1</sup> attends Child Protection Conferences, core groups, or other multi-agency planning meetings, contributes to assessments, and provides a report which will normally have been shared with the parents. (In some circumstances it may not be appropriate to share the report to conference with parents. If the DSL is uncertain on this point advice can be obtained from the allocated social worker).

---

<sup>1</sup> this only applies to residential schools

- Ensuring that any child who is subject to a child protection plan and who is absent without explanation for two days or more is referred to their key worker's Social Care Team. In some cases any absence may be a cause for concern and warrant immediate reporting.
- Where children leave the school , ensure their child protection file is copied for any new school or college as soon as possible but transferred separately from the main child file. (The original child protection file being retained by the former school ).

## 4.2 Training

- The DSL should undertake the initial designated member of staff training and subsequent refresher courses every two years in order to:
- Understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments.
- Be alert to those children within the school who are at risk or experiencing: domestic violence; female genital mutilation; children missing from education; child trafficking; bullying which includes race/hate or homophobic behaviour.
- Have a working knowledge of how the local authority conducts a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so.
- Be alert to the specific needs of children in need, those with special educational needs and young carers.
- Be able to keep detailed, accurate, secure written records of concerns and referrals.
- Obtain access to resources and attend any relevant or refresher training courses.
- Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.
- Link with the West Sussex Local Safeguarding Children Board (LSCB) to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
- Organising child protection training for all staff every three years.

## Raising Awareness and other duties

- The DSL should ensure the setting's policies are known and used appropriately: ensuring each member of staff has access to and understands the setting's Child

Protection and safeguarding Policy and procedures, especially new and part time staff. In addition the DSL should ensure that **all staff read, at least, Part One of Keeping Children Safe in Education 2016 and have a record of when this was done.** .

- Ensure the setting's Child Protection Policy and Safeguarding is reviewed annually, the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this.
- Ensure the Child Protection and Safeguarding Policy is available publicly, parents are aware that referrals about suspected abuse or neglect may be made and the role of the school in this.

## **5 PROCEDURES (REFER TO APPENDIX 3)**

5.1 If any member of staff is concerned about a child he or she must inform the DSL.

5.2 The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations. Do not add comments or opinion although observations about a child's demeanour or emotional state may be recorded.

5.3 The DSL will decide whether the concerns should be referred to Multi-Agency Safeguarding Hub (MASH). If it is decided to make a referral to the MASH this will be discussed with the parents, unless to do so would place the child at further risk of harm. (The MASH is able to provide advice on this question).

5.4 Particular attention will be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a child protection plan and a written record will be kept.

5.5 If a child who is/or has been the subject of a child protection plan changes school, the DSL will inform the social worker responsible for the case and transfer the appropriate records to the DSL at the receiving school, in a secure manner, and separate from the child's academic file.

5.6 The DSL is responsible for making the senior leadership team aware of trends in behaviour that may affect child welfare. If necessary, training will be arranged.

5.7 Staff have a duty to refer safeguarding concerns to the DSL. However if:

- concerns are not taken seriously by an organisation or
- action to safeguard the child is not taken by professionals and
- the child is considered to be at continuing risk of harm

then staff should speak to the DSL or Headteacher in their school and/or contact a manager in the MASH . Contact details for MASH are published in RECEPTION and in the STAFF ROOM.

5.8 If, at any point there is a risk of immediate serious harm to a child, a referral should be made to MASH immediately. Anybody can make a referral. If the child's situation does

not appear to be improving the staff member with concerns should press for re-consideration. Concerns should always lead to help for the child at some point.

- 5.9 If the allegations concern harm perpetrated by children in the school then staff should follow section 8.7 of the West Sussex Child Protection and Safeguarding Procedures - Children who Harm Other Children.

## 6 WHEN TO BE CONCERNED

All staff and volunteers should be aware of the main categories of abuse:

**Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children.

**Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

**Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

**Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet) by establishing a close relationship or friendship. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

**Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during

pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

For further details of these categories please see Appendix 1.

### **Other aspects of risk requiring special attention**

In addition school staff should be aware of the following specific safeguarding issues Schools should ensure that, where such risks may be more likely, that staff are guided on how to understand and act accordingly where there is concern by referring to Keeping Children Safe in Education (2016) pages 11-12 and Annex A

- child missing from education – see Annex A p13- 15
- child missing from home or care
- child sexual exploitation (CSE) - see Annex A p 16
- bullying including cyberbullying
- domestic violence
- drugs
- fabricated or induced illness
- faith abuse
- female genital mutilation (FGM) – see Annex A p17
- forced marriage see Annex A p17-18
- gangs and youth violence
- gender-based violence/violence against women and girls (VAWG) see Annex A p16
- mental health
- private fostering
- preventing radicalisation – see also Appendix 2 of this policy page 27-29
- radicalisation see Annex A p18-20
- sexting
- relationship abuse
- trafficking
- self-harm
- hate
- missing children and adults

Links to many of these topics can be found in Keeping Children Safe in Education (2016)

## **7 CONFIDENTIALITY**

7.1 We recognise that all matters relating to child protection are confidential.

- 7.2 The Headteacher or DSL will disclose any child protection related information about a child to other members of staff on a need to know basis only.
- 7.3 All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.
- 7.4 All staff must be aware that they cannot promise a child to keep secrets if doing so might compromise the child's safety or wellbeing.
- 7.5 We will always undertake to share our intention to refer a child to Children's Services with the parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with the Duty Manager at the Assessment Team at Children's Services.

## **8 DEALING WITH DISCLOSURE**

- 8.1 If a child discloses that he or she has been abused in some way the member of staff or volunteer should:
  - accept what the child says.
  - stay calm, the pace should be dictated by the child without them being pressed for detail by asking leading questions such as "did x touch you there?" It is our role to listen - not to investigate.
  - use open questions such as "Is there anything else you want to tell me?" or "yes?" or "and?"
  - be careful not to burden the child with guilt by asking questions like "Why didn't you tell me before?" but you could ask 'have you spoken to anyone else about this?'
  - acknowledge how hard it was for the child to tell you.
  - do not criticise the perpetrator, the child might have a relationship with them.
  - do not promise confidentiality, but reassure the child that they have done the right thing, explain whom you will have to tell (the DSL) and why; and, depending on the child's age, what the next stage will be. It is important that you avoid making promises that you cannot keep such as "I'll stay with you all the time" or "It will be all right now".
- 8.2 When recording information:
  - Make some brief notes at the time or immediately afterwards; record the date, time, place and context of disclosure or concern. Record facts and what is said but not your assumption or interpretation.
  - facts and not assumption or interpretation.
  - If it is observation of bruising or an injury try to record detail, e.g. "right arm above elbow" Do not take photographs!
  - Note the non-verbal behaviour and the key words in the language used by the child (try not to translate into 'proper terms').

- It is important to keep these original notes and pass them on to the DSL who may ask you to write a referral.

8.3 We recognise that staff working in a school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm may find the situation stressful and upsetting. We will support such staff by providing an opportunity to talk through their anxieties with the DSL and to seek further support as appropriate. WSCC school staff have access to a free, 24/7 and confidential counselling service.

## **9 ALLEGATIONS AGAINST STAFF**

9.1 An allegation is any information which indicates that a member of staff/volunteer may have:

- Behaved in a way that has, or may have harmed a child
- Possibly committed a criminal offence against/related to a child
- Behaved towards a child or children in a way which indicates s/he would pose a risk of harm if they work regularly or closely with children

9.2 This applies to any child the member of staff/volunteer has contact with in their personal, professional or community life.

9.3 To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook, school code of conduct or Government document '*Guidance for Safer Working Practice for Adults who work with Children and Young People in Education Settings*'.

<http://webarchive.nationalarchives.gov.uk/20100202100434/dcsf.gov.uk/everychildmatters/resources-and-practice/ig00311/>

It is best practice for a school to have a signed acknowledgement from staff members to show that this has occurred.

9.4 The person to whom an allegation is first reported should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification. It is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

9.5 Actions to be taken include: making an immediate written record of the allegation using the informant's words - including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Head Teacher.

9.6 If staff members have concerns about another staff member then this should be referred to the headteacher or principal. Where there are concerns about the headteacher or principal this should be referred to the chair of governors, chair of the management committee or proprietor of an independent school as appropriate The Chair of Governors in this school is:

NAME: Mr Phillip Gidman

In the absence of the Chair of Governors, the Vice Chair should be contacted. The Vice Chair in this school is:

NAME: Mr Kevin Harrison

Contact with the Chair or the Vice Chair of Governors can be made through the school office. If for any reason this causes a delay (for example the office is closed) then the concerns should be referred to MASH.

- 9.7 The recipient of an allegation must **not** unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter. The Head Teacher or Chair will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer on 0330 222 3337:
- 9.8 If the allegation meets any of the three criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay. If it is decided that the allegation meets the threshold for safeguarding, the next steps will take place in accordance with section 8.2 of the Sussex Child Protection and Safeguarding Children Procedures.
- 9.9 If, at the completion of the allegations management process, a school dismisses an individual (or would have, had the person not left first) because the person poses a risk of harm to children, the organisation must make a referral to the Disclosure and Barring Service. It is an offence to fail to make a referral without good reason.
- 9.10 If it is decided that the allegation does not meet the threshold for safeguarding, it will be handed back to the employer for consideration via the school's internal procedures.

## **10 WHISTLEBLOWING (CONFIDENTIAL REPORTING)**

The School has a whistleblowing policy (Confidential Reporting Policy). This enables any member of staff to make complaints about conduct within the school to a person outside the school on a confidential basis and without fear that their confidentiality will be breached. This policy will rarely be applicable where a referral of abuse or risk to a child needs to be reported unless that abuse or risk arises within the school itself. Referrals in such cases should still be made to the DSL or as indicated in this policy. Where the circumstances are such that a member of staff believes that a complaint can only safely be made to person outside the school then reference should be made to the school's Confidential Reporting Policy. Contact details for the NSPCC whistleblowing helpline are published in RECEPTION and the STAFF ROOM.

## **11 PHYSICAL INTERVENTION**

- 11.1 Our policy on physical intervention by staff is set out separately, and acknowledges that staff must only ever use physical intervention as a last resort, when a child is endangering him/herself or others, and that at all times it must be the minimal force necessary to prevent injury to another person.
- 11.2 Such events should be recorded and signed by a witness.
- 11.3 Staff who are likely to need to use physical intervention will be appropriately trained in the Team Teach technique.

11.4 We understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection or disciplinary procedures.

## **12 BULLYING**

Our anti bullying policy (this includes cyber, homophobic and gender related bullying) is set out in a separate document.

## **13 RACIST INCIDENTS**

Our policy on racist incidents is set out in a separate document .

## **14 PREVENTION**

We recognise that the school plays a significant part in the prevention of harm to our children by providing them with good lines of communication with trusted adults, supportive friends and an ethos of protection.

The school community will therefore:

Establish and maintain an ethos where children feel secure and are encouraged to talk and are always listened to.

Ensure that all children know there is an adult in the school whom they can approach if they are worried or in difficulty.

Include across the curriculum, SES (PSHE and Citizenship), opportunities which equip children with the skills they need to stay safe from harm and to know to whom they should turn for help.

## **15 HEALTH & SAFETY**

Our Health & Safety policy, set out in a separate document, reflects the consideration we give to the protection of our children both physically within the school environment, and for example in relation to internet use, and when away from the school when undertaking school trips and visits.

Ratified by the Governing Body- December 2015

Next Review December 2016

**Amendments made October 2016 –KGH Designated Safeguarding Lead**

## APPENDIX 1 - INDICATORS OF HARM

### **PHYSICAL ABUSE**

*Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.*

### **Indicators in the child**

#### **Bruising**

It is often possible to differentiate between accidental and inflicted bruises. The following must be considered as non accidental unless there is evidence or an adequate explanation provided:

- Bruising in or around the mouth
- Two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental, though a single bruised eye can be accidental or abusive)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally, for example the back, mouth, cheek, ear, stomach, chest, under the arm, neck, genital and rectal areas
- Variation in colour, possibly indicating injuries caused at different times
- The outline of an object used e.g. belt marks, hand prints or a hair brush
- Linear bruising at any site, particularly on the buttocks, back or face
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising around the face
- Grasp marks to the upper arms, forearms or leg
- Petechiae haemorrhages (pinpoint blood spots under the skin.) Commonly associated with slapping, smothering/suffocation, strangling and squeezing

#### **Fractures**

Fractures may cause pain, swelling and discolouration over a bone or joint. It is unlikely that a child will have had a fracture without the carers being aware of the child's distress.

If the child is not using a limb, has pain on movement and/or swelling of the limb, there may be a fracture.

There are grounds for concern if:

- The history provided is vague, non-existent or inconsistent
- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement

Rib fractures are only caused in major trauma such as in a road traffic accident, a severe shaking injury or a direct injury such as a kick.

Skull fractures are uncommon in ordinary falls, i.e. from three feet or less. The injury is usually witnessed, the child will cry and if there is a fracture, there is likely to be swelling on the skull

developing over 2 to 3 hours. All fractures of the skull should be taken seriously.

### **Mouth Injuries**

Tears to the frenulum (tissue attaching upper lip to gum) often indicates force feeding of a baby or a child with a disability. There is often finger bruising to the cheeks and around the mouth. Rarely, there may also be grazing on the palate.

### **Poisoning**

Ingestion of tablets or domestic poisoning in children under 5 is usually due to the carelessness of a parent or carer, but it may be self-harm even in young children.

### **Fabricated or Induced Illness**

Professionals may be concerned at the possibility of a child suffering significant harm as a result of having illness fabricated or induced by their carer. Possible concerns are:

- Discrepancies between reported and observed medical conditions, such as the incidence of fits
- Attendance at various hospitals, in different geographical areas
- Development of feeding / eating disorders, as a result of unpleasant feeding interactions
- The child developing abnormal attitudes to their own health
- Non organic failure to thrive - a child does not put on weight and grow and there is no underlying medical cause
- Speech, language or motor developmental delays
- Dislike of close physical contact
- Attachment disorders
- Low self esteem
- Poor quality or no relationships with peers because social interactions are restricted
- Poor attendance at school and under-achievement

### **Bite Marks**

Bite marks can leave clear impressions of the teeth when seen shortly after the injury has been inflicted. The shape then becomes a more defused ring bruise or oval or crescent shaped. Those over 3cm in diameter are more likely to have been caused by an adult or older child.

A medical/dental opinion, preferably within the first 24 hours, should be sought where there is any doubt over the origin of the bite.

### **Burns and Scalds**

It can be difficult to distinguish between accidental and non-accidental burns and scalds. Scalds are the most common intentional burn injury recorded.

Any burn with a clear outline may be suspicious e.g. circular burns from cigarettes, linear burns from hot metal rods or electrical fire elements, burns of uniform depth over a large area, scalds that have a line indicating immersion or poured liquid.

Old scars indicating previous burns/scalds which did not have appropriate treatment or adequate explanation. Scalds to the buttocks of a child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

The following points are also worth remembering:

- A responsible adult checks the temperature of the bath before the child gets in.
- A child is unlikely to sit down voluntarily in a hot bath and cannot accidentally scald its bottom without also scalding his or her feet.
- A child getting into too hot water of his or her own accord will struggle to get but and there will be splash marks

### **Scars**

A large number of scars or scars of different sizes or ages, or on different parts of the body, or unusually shaped, may suggest abuse.

### **Emotional / behavioural presentation**

Refusal to discuss injuries

Admission of punishment which appears excessive

Fear of parents being contacted and fear of returning home

Withdrawal from physical contact

Arms and legs kept covered in hot weather

Fear of medical help

Aggression towards others

Frequently absent from school

An explanation which is inconsistent with an injury

Several different explanations provided for an injury

### **Indicators in the parent**

May have injuries themselves that suggest domestic violence

Not seeking medical help/unexplained delay in seeking treatment

Reluctant to give information or mention previous injuries

Absent without good reason when their child is presented for treatment

Disinterested or undisturbed by accident or injury

Aggressive towards child or others

Unauthorised attempts to administer medication

Tries to draw the child into their own illness.

Past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault

Parent / carer may be over involved in participating in medical tests, taking temperatures and measuring bodily fluids

Observed to be intensely involved with their children, never taking a much needed break nor allowing anyone else to undertake their child's care.

May appear unusually concerned about the results of investigations which may indicate physical illness in the child

Wider parenting difficulties may (or may not) be associated with this form of abuse.

Parent / carer has convictions for violent crimes.

### **Indicators in the family/environment**

Marginalised or isolated by the community

History of mental health, alcohol or drug misuse or domestic violence

History of unexplained death, illness or multiple surgery in parents and/or siblings of the family

Past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault or a culture of physical chastisement.

### ***EMOTIONAL ABUSE***

***Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person.***

***It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate.***

***It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction.***

***It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children.***

***Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.***

### **Indicators in the child**

Developmental delay

Abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or no attachment

Aggressive behaviour towards others

Child scapegoated within the family  
Frozen watchfulness, particularly in pre-school children  
Low self-esteem and lack of confidence  
Withdrawn or seen as a 'loner' - difficulty relating to others  
Over-reaction to mistakes  
Fear of new situations  
Inappropriate emotional responses to painful situations  
Neurotic behaviour (e.g. rocking, hair twisting, thumb sucking)  
Self-harm  
Fear of parents being contacted  
Extremes of passivity or aggression  
Drug/solvent abuse  
Chronic running away  
Compulsive stealing  
Low self-esteem  
Air of detachment – 'don't care' attitude  
Social isolation – does not join in and has few friends  
Depression, withdrawal  
Behavioural problems e.g. aggression, attention seeking, hyperactivity, poor attention  
Low self-esteem, lack of confidence, fearful, distressed, anxious  
Poor peer relationships including withdrawn or isolated behaviour

### **Indicators in the parent**

Domestic abuse, adult mental health problems and parental substance misuse may be features in families where children are exposed to abuse.

Abnormal attachment to child e.g. overly anxious or disinterest in the child

Scapegoats one child in the family

Imposes inappropriate expectations on the child e.g. prevents the child's developmental exploration or learning, or normal social interaction through overprotection.

Wider parenting difficulties may (or may not) be associated with this form of abuse.

### **Indicators of in the family/environment**

Lack of support from family or social network.

Marginalised or isolated by the community.

History of mental health, alcohol or drug misuse or domestic violence.

History of unexplained death, illness or multiple surgery in parents and/or siblings of the family

Past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault or a culture of physical chastisement.

## **NEGLECT**

***Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.***

***Once a child is born, neglect may involve a parent or carer failing to:***

- ***provide adequate food, clothing and shelter (including exclusion from home or abandonment);***
- ***protect a child from physical and emotional harm or danger;***
- ***ensure adequate supervision (including the use of inadequate care-givers); or***
- ***ensure access to appropriate medical care or treatment.***

***It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.***

### **Indicators in the child**

#### **Physical presentation**

Failure to thrive or, in older children, short stature

Underweight

Frequent hunger

Dirty, unkempt condition

Inadequately clothed, clothing in a poor state of repair

Red/purple mottled skin, particularly on the hands and feet, seen in the winter due to cold

Swollen limbs with sores that are slow to heal, usually associated with cold injury

Abnormal voracious appetite

Dry, sparse hair

Recurrent / untreated infections or skin conditions e.g. severe nappy rash, eczema or persistent head lice / scabies/ diarrhoea

Unmanaged / untreated health / medical conditions including poor dental health

Frequent accidents or injuries

#### **Development**

General delay, especially speech and language delay

Inadequate social skills and poor socialization

#### **Emotional/behavioural presentation**

Attachment disorders

Absence of normal social responsiveness

Indiscriminate behaviour in relationships with adults

Emotionally needy

Compulsive stealing  
Constant tiredness  
Frequently absent or late at school  
Poor self esteem  
Destructive tendencies  
Thrives away from home environment  
Aggressive and impulsive behaviour  
Disturbed peer relationships  
Self-harming behaviour

### **Indicators in the parent**

Dirty, unkempt presentation  
Inadequately clothed  
Inadequate social skills and poor socialisation  
Abnormal attachment to the child .e.g. anxious  
Low self- esteem and lack of confidence  
Failure to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene  
Failure to meet the child's health and medical needs e.g. poor dental health; failure to attend or keep appointments with health visitor, GP or hospital; lack of GP registration; failure to seek or comply with appropriate medical treatment; failure to address parental substance misuse during pregnancy  
Child left with adults who are intoxicated or violent  
Child abandoned or left alone for excessive periods  
Wider parenting difficulties, may (or may not) be associated with this form of abuse

### **Indicators in the family/environment**

History of neglect in the family  
Family marginalised or isolated by the community.  
Family has history of mental health, alcohol or drug misuse or domestic violence.  
History of unexplained death, illness or multiple surgery in parents and/or siblings of the family  
Family has a past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault or a culture of physical chastisement.  
Dangerous or hazardous home environment including failure to use home safety equipment; risk from animals  
Poor state of home environment e.g. unhygienic facilities, lack of appropriate sleeping arrangements, inadequate ventilation (including passive smoking) and lack of adequate heating  
Lack of opportunities for child to play and learn

### ***SEXUAL ABUSE***

***Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.***

***The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing.***

***They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet).***

***Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.***

### **Indicators in the child**

#### **Physical presentation**

Urinary infections, bleeding or soreness in the genital or anal areas

Recurrent pain on passing urine or faeces

Blood on underclothes

Sexually transmitted infections

Vaginal soreness or bleeding

Pregnancy in a younger girl where the identity of the father is not disclosed and/or there is secrecy or vagueness about the identity of the father

Physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing

#### **Emotional / behavioural presentation**

Makes a disclosure.

Demonstrates sexual knowledge or behaviour inappropriate to age/stage of development, or that is unusually explicit

Inexplicable changes in behaviour, such as becoming aggressive or withdrawn

Self-harm - eating disorders, self-mutilation and suicide attempts

Poor self-image, self-harm, self-hatred

Reluctant to undress for PE

Running away from home

Poor attention / concentration (world of their own)

Sudden changes in school work habits, become truant

Withdrawal, isolation or excessive worrying

Inappropriate sexualised conduct

Sexually exploited or indiscriminate choice of sexual partners

Wetting or other regressive behaviours e.g. thumb sucking

Draws sexually explicit pictures  
Depression

### **Indicators in the parents**

Comments made by the parent/carer about the child.  
Lack of sexual boundaries  
Wider parenting difficulties or vulnerabilities  
Grooming behaviour  
Parent is a sex offender

### **Indicators in the family/environment**

Marginalised or isolated by the community.  
History of mental health, alcohol or drug misuse or domestic violence.  
History of unexplained death, illness or multiple surgery in parents and/or siblings of the family  
Past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault or a culture of physical chastisement.  
Family member is a sex offender.

## **APPENDIX 2 – SPECIFIC SAFEGUARDING ISSUES**

Please see page 9 of this policy for a list of specific issues relating to safeguarding and details of links to government web-sites with more information regarding these issues.

In addition the following key specific information is from Keeping Children Safe in Education September 2016 page 13 -20:

Annex A: Further information

### **Further information on a child missing from education**

All children, regardless of their circumstances, are entitled to a full time education, which is suitable to their age, ability, aptitude and any special educational needs they may have. Local authorities have a duty to establish, as far as it is possible to do so, the identity of children of compulsory school age who are missing education in their area. Effective information sharing between parents, schools, colleges and local authorities is critical to ensuring that all children are safe and receiving suitable education.

A child going missing from education is a potential indicator of abuse or neglect and such children are at risk of being victims of harm, exploitation or radicalisation. School and college staff should follow their procedures for unauthorised absence and for dealing with children that go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future.

Schools and colleges should put in place appropriate safeguarding policies, procedures and responses for children who go missing from education, particularly on repeat occasions. It is essential that all staff are alert to signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns such as travelling to conflict zones, female genital mutilation and forced marriage. Further information about children at risk of missing education can be found in the [Children Missing Education](#) guidance.

## Schools

The law requires all schools to have an admission register and, with the exception of schools where all pupils are boarders, an attendance register. All pupils must be placed on both registers. Schools must place pupils on the admission register at the beginning of the first day on which the school has agreed, or been notified, that the pupil will attend the school. If a pupil fails to attend on the agreed or notified date, the school should consider notifying the local authority at the earliest opportunity to prevent the child from going missing from education.

It is important that the admission register is accurate and kept up to date. Schools should regularly encourage parents to inform them of any changes whenever they occur. This can assist the school and local authority when making enquiries to locate children missing education.

Schools should monitor attendance and address it when it is poor or irregular. All schools must inform the local authority of any pupil who fails to attend school regularly, or has 14 been absent without the school's permission<sup>8</sup> for a continuous period of <sup>10</sup> school days or more, at such intervals as are agreed between the school and the local authority:<sup>9</sup>

Where a parent notifies a school that a pupil will live at another address, **all** schools are required<sup>10</sup> to record in the admission register:

- the full name of the parent with whom the pupil will live;
- the new address; and
- the date from when it is expected the pupil will live at this address.<sup>11</sup>

Where a parent of a pupil notifies the school that the pupil is registered at another school or will be attending a different school in future, schools must record<sup>12</sup> in the admission register: 13

- the name of the new school; and
- the date on which the pupil first attended or is due to start attending that school.

Schools are required<sup>14</sup> to notify the local authority **within five days** when a pupil's name is added to the admission register. Schools will need to provide the local authority with all the information held within the admission register about the pupil. This duty does not apply to pupils who are registered at the start of the school's youngest year, unless the local authority requests for such information to be provided.

Schools must also notify the local authority when a pupil's name is to be deleted from the admission register **under any of the fifteen grounds set out in the Education (Pupil Registration) (England) Regulations 2006 as amended,**<sup>15</sup> **as soon as the ground for deletion is met and no later than the time at which the pupil's name is deleted from the register.** This duty does not apply where the pupil has completed the school's final year, unless the local authority requests for such information to be provided.

A pupil's name can only be deleted from the admission register under regulation 8(1), sub-paragraph (f)(iii) or (h)(iii) if the school and the local authority have failed to establish the pupil's whereabouts after jointly making reasonable enquiries. Advice on carrying out reasonable enquiries can be found in the [Children Missing Education](#) guidance.

Where a school notifies a local authority that a pupil's name is to be deleted from the admission register, the school must provide<sup>16</sup> the local authority with:

---

<sup>8</sup> or by reason of sickness or unavoidable cause or on a day exclusively set apart for religious observance by the religious body to which their parent belongs or because the school is not within walking distance of the pupil's home and no suitable arrangements have been made by the local authority either for their transport to and from the school or for boarding accommodation for them at or near the school or for enabling them to become a registered pupil at a school nearer their home.

<sup>9</sup> In default of such agreement, at intervals determined by the Secretary of State.

<sup>10</sup> Under regulation 5 of the Education (Pupil Registration) (England) Regulations 2006 as amended.

<sup>11</sup> Where schools can reasonably obtain this information.

<sup>12</sup> Under regulation 5 of the Education (Pupil Registration) (England) Regulations 2006 as amended.

<sup>13</sup> Where schools can reasonably obtain this information.

<sup>14</sup> Under regulation 12 of the Education (Pupil Registration) (England) Regulations 2006 as amended.

<sup>15</sup> Regulation 8 of the Education (Pupil Registration) (England) Regulations 2006.

<sup>16</sup> Under regulation 12 of the Education (Pupil Registration) (England) Regulations 2006 as amended.

- the full name of the pupil;
- the full name and address of any parent with whom the pupil lives;
- at least one telephone number of the parent with whom the pupil lives;
- the full name and address of the parent with whom the pupil is going to live, and the date the pupil is expected to start living there, if applicable;
- the name of pupil's destination school and the pupil's expected start date there, if applicable; and
- the ground in regulation 8 under which the pupil's name is to be deleted from the admission register.

Schools and local authorities should work together to agree on methods of making returns. When making returns, the school should highlight to the local authority where they have been unable to obtain the necessary information from the parent, for example in cases where the child's destination school or address is unknown. Schools should also consider whether it is appropriate to highlight any contextual information of a vulnerable child who is missing education, such as any safeguarding concerns.

**It is essential that schools comply with these duties, so that local authorities can, as part of their duty to identify children of compulsory school age who are missing education, follow up with any child who might be at risk of not receiving an education and who might be at risk of being harmed, exploited or radicalised.**

The department provides a secure internet system – school2school – to allow schools to transfer pupil information to another school when the child moves. All local authority maintained schools are required, when a pupil ceases to be registered at their school and becomes a registered pupil at another school in England or Wales, to send a Common Transfer File (CTF) to the new school. Academies (including free schools) are also strongly encouraged to send CTFs when a pupil leaves to attend another school. Independent schools can be given access to school2school by the department.

The school2school website also contains a searchable area, commonly referred to as the 'Lost Pupil Database', where schools can upload CTFs of pupils who have left but their destination or next school

is unknown or the child has moved abroad or transferred to a non-maintained school. If a pupil arrives in a school and the previous school is unknown, schools should contact their local authority who will be able to search the database.

## Colleges

Where a college is providing education for a child of compulsory school age, the college shall work collaboratively with the appropriate local authority in order to share information about the attendance and/or absences of that child as the local authority deems necessary, as set out in departmental advice [Enrolment of 14 to 16 year olds in full time further education](#). The college should also inform the relevant local authority immediately if that child is removed from the roll so that the local authority can as part of their duty identify children of compulsory school age who are missing education.

## Further information on child sexual exploitation

**Child sexual exploitation** is a form of sexual abuse where children are sexually exploited for money, power or status. It can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation does not always involve physical contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point. Some of the following signs may be indicators of sexual exploitation:

- Children who appear with unexplained gifts or new possessions;
- Children who associate with other young people involved in exploitation;
- Children who have older boyfriends or girlfriends;
- Children who suffer from sexually transmitted infections or become pregnant;
- Children who suffer from changes in emotional well-being;
- Children who misuse drugs and alcohol;
- Children who go missing for periods of time or regularly come home late; and
- Children who regularly miss school or education or do not take part in education.

## Further information on so-called 'honour based' violence

So-called 'honour-based' violence (HBV) encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. All forms of so called HBV are abuse (regardless of the motivation) and should be handled and escalated as such. If in any doubt, staff should speak to the designated safeguarding lead. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBV, or already having suffered HBV.

## Indicators

There are a range of potential indicators that a child may be at risk of HBV. Guidance on the warning signs that FGM or forced marriage may be about to take place, or may have already taken place, can be found on pages 38-41 of the [Multi agency statutory guidance on FGM](#) (pages 59-61 focus on the role of schools and colleges) and pages 13-14 of the [Multi-agency guidelines: Handling case of forced marriage](#).

## Actions

If staff have a concern regarding a child that might be at risk of HBV, they should activate local safeguarding procedures, using existing national and local protocols for multiagency liaison with police and children's social care. Where FGM has taken place, since 17 31 October 2015 there has been a mandatory reporting duty placed on teachers<sup>17</sup> that requires a different approach (see following section).

## FGM mandatory reporting duty

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon **teachers** along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils, but the same definition of what is meant by “to discover that an act of FGM appears to have been carried out” is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report can be found at [Mandatory reporting of female genital mutilation procedural information](#).

Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out.<sup>18</sup> Unless the teacher has a good reason not to, they should also still consider and discuss any such case with the school or college’s designated safeguarding lead and involve children’s social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures. The following is a useful summary of the FGM mandatory reporting duty: [FGM Fact Sheet](#).

## Forced marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage.

---

<sup>17</sup>Section 5B(11) of the FGM Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) provides the definition for the term ‘teacher’: “teacher” means – (a) in relation to England, a person within section 141A(1) of the Education Act 2002 (persons employed or engaged to carry out teaching work at schools and other institutions in England).

<sup>18</sup>Section 5B(6) of the Female Genital Mutilation Act 2003 states teachers need not report a case to the police if they have reason to believe that another teacher has already reported the case. 18

The Forced Marriage Unit has published [Multi-agency guidelines](#), with pages 32-36 focusing on the role of schools and colleges. School and college staff can contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email [fmu@fco.gov.uk](mailto:fmu@fco.gov.uk)

## Further information on preventing radicalisation

Protecting children from the risk of radicalisation should be seen as part of schools’ and colleges’ wider safeguarding duties, and is similar in nature to protecting children from other forms of harm and abuse. During the process of radicalisation it is possible to intervene to prevent vulnerable people being radicalised.

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism.<sup>19</sup> There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. It can happen in many different ways and settings. Specific background factors may contribute to vulnerability which are often combined with specific influences such as family, friends or online, and with specific needs for which an extremist or terrorist group may appear to provide an answer. The internet and the use of social media in particular has become a major factor in the radicalisation of young people.

As with other safeguarding risks, staff should be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately, which may include making a referral to the Channel programme.

## Prevent

From 1 July 2015, specified authorities, including all schools (and, since 18 September 2015, all colleges) as defined in the summary of this guidance, are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard"<sup>20</sup> to the need to prevent people from being drawn into terrorism".<sup>21</sup> This duty is known as the Prevent duty. It applies to a wide range of public-facing bodies. Bodies to which the duty applies must have regard to statutory guidance issued under section 29 of the CTSA 2015. Paragraphs 57-76 of the Revised Prevent duty guidance: for England and Wales are specifically concerned with schools (but also cover childcare). The guidance is set out in terms of four general themes: Risk assessment, working in partnership, staff training, and IT policies.

- Schools are expected to assess the risk of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology. This means

---

<sup>19</sup> Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.

<sup>20</sup> According to the Prevent duty guidance 'having due regard' means that the authorities should place an appropriate amount of weight on the need to prevent people being drawn into terrorism when they consider all the other factors relevant to how they carry out their usual functions.

<sup>21</sup> "Terrorism" for these purposes has the same meaning as for the Terrorism Act 2000 (section 1(1) to (4) of that Act). 19

being able to demonstrate both a general understanding of the risks affecting children and young people in the area and a specific understanding of how to identify individual children who may be at risk of radicalisation and what to do to support them. Schools should have clear procedures in place for protecting children at risk of radicalisation. These procedures may be set out in existing safeguarding policies. It is not necessary for schools to have distinct policies on implementing the Prevent duty.

- The Prevent duty builds on existing local partnership arrangements. For example, governing bodies and proprietors of all schools should ensure that their safeguarding arrangements take into account the policies and procedures of the Local Safeguarding Children Board. Effective engagement with parents / the family should also be considered as they are in a key position to spot signs of radicalisation. It is important to assist and advise families who raise concerns and be able to point them to the right support mechanisms. Schools should also discuss any concerns in relation to possible radicalisation with a child's parents in line with the individual school's safeguarding policies and procedures unless they have specific reason to believe that to do so would put the child at risk.

- The Prevent guidance refers to the importance of Prevent awareness training to equip staff to identify children at risk of being drawn into terrorism and to challenge extremist ideas. Individual schools are best placed to assess the training needs of staff in the light of their assessment of the risk to pupils at the school of being drawn into terrorism. As a minimum, however, schools should ensure that the designated safeguarding lead undertakes Prevent awareness training and is able to provide advice and support to staff on protecting children from the risk of radicalisation.
- Schools should ensure that children are safe from terrorist and extremist material when accessing the internet in schools.

The department has also published advice for schools on the [Prevent duty](#). The advice is intended to complement the Prevent guidance and signposts other sources of advice and support.

There is additional guidance: [Prevent duty guidance: for further education institutions in England and Wales](#) that applies to colleges.

The Government has launched [educate against hate](#), a website designed to equip school and college leaders, teachers and parents with the information, tools and resources they need to recognise and address extremism and radicalisation in young people. The website provides information on training resources for teachers, staff and school and college leaders, such as Prevent e-learning, via the Prevent Training catalogue.

## Channel

School and college staff should understand when it is appropriate to make a referral to the Channel programme.<sup>22</sup> Channel guidance is available at: [Channel guidance](#). An elearning channel awareness programme for staff is available at: [Channel General Awareness](#). Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation. An individual's engagement with the programme is entirely voluntary at all stages. In addition to information sharing, if a staff member makes a referral to Channel, they may be asked to attend a Channel panel to discuss the individual referred to determine whether support is required.

Section 36 of the CTSA 2015 places a duty on local authorities to ensure Channel panels are in place. The panel must be chaired by the local authority and include the police for the relevant local authority area. Following a referral, the panel will assess the extent to which identified individuals are vulnerable to being drawn into terrorism and, where considered appropriate and the necessary consent is obtained, arrange for support to be provided to those individuals. Section 38 of the CTSA 2015 requires partners of Channel panels to co-operate with the panel in the carrying out of its functions and with the police in providing information about a referred individual. Schools and colleges that are required to have regard to Keeping children safe in education are listed in the CTSA 2015 as partners required to cooperate with local Channel panels.<sup>23</sup>

---

<sup>22</sup> Guidance issued under section 36(7) and section 38(6) of the CTSA 2015.

<sup>23</sup> Such partners are required to have regard to guidance issued under section 38(6) of the CTSA 2015 when cooperating with the panel and police under section 38 of the CTSA 2015.

### APPENDIX 3 – AMENDED PROTOCOLS JAN 2017 –STAFF PROTOCOL FOR RECORDING A CHILD PROTECTION CONCERN (THIS INCLUDES SELF HARM)

1. If you become aware of a Child Protection concern (either through disclosure or Third Party information) speak to Karen Hardy (Safeguarding Lead) *as soon as possible* IN PERSON. In the absence of Karen Hardy speak to a member of the Leadership Team *as soon as possible* IN PERSON.
2. Following this conversation complete a paper copy of the ‘Record of Child Protection Concern’ form *as soon as possible*. You are only required to complete the: What? Who? Where? When? side of the form.
3. Forms are located in the Staff Room and Jacquie Phillips’ Office
4. Place your completed form in the labelled tray in Jacquie Phillips’ Office. For reasons of confidentiality please use an envelope.
5. Karen Hardy will complete the reverse of the form in order to record decisions/actions. In Karen Hardy’s absence the appropriate member of the Leadership Team will complete the form and email Karen Hardy to keep her informed.

Please note:

- The form must *not* be used *instead* of the initial conversation. That conversation must still happen first.
- A copy of this protocol is posted in the Staff Room and Reception together with contact details for MASH (social services) and the NSPCC ‘whistle blowing’ helpline

**KGH**
